# Advanced Curriculum Enrichment (ACE) Program

Ballajura Community College's Advanced Curriculum Enrichment Program provides a vibrant, high quality learning environment which ensures that intellectually talented students are challenged to reach their academic potential and find their personal style. Learning and teaching programs are tailored to the specialised needs of these students and offer a pathway to university and a lifelong career.

In addition students have many opportunities to participate in extracurricular activities such as public speaking, debating, competitions, curriculum based excursions and incursions.

Students who are not placed initially in the ACE Program and demonstrate talent may also be considered for the Program in future years based upon their results.

Ballajura Community College War Memorial and Peace Park

## PATHWAYS
