

This information was last updated and is current as at Tuesday April 28. Additional updates will be provided as required and when information changes.

This correspondence provides additional information about commencement of Term 2 at the College, and information from the Health Department and Transperth (service changes).

Dear Parents/Carers

I am writing to you today to clarify the arrangements for Term 2, and what it will mean for you and your children as we commence the term.

We will need to continue reviewing our operations at the College over the coming weeks, as we adjust to the changing educational circumstances brought about by the Department of Education's response to the COVID – 19 pandemic.

Please remember that if urgent mental health advice and support is required for yourself or your children, there is a 24 hour crisis support line 1800 048 636.

College access for parents/carers

On Friday April 17 the State Government updated the advice for Public School education. This included the requirements that parents/carers drop their children off at school only, and do not enter school grounds.

As such, if you need to contact the College could you please phone on 9262 7777 or email on Ballajura.cc@education.wa.edu.au and we will work with you to resolve any enquiries. Thank you for your understanding and support of this requirement.

Student attendance

Thank you for your response to the survey regarding the attendance of your children at the College this term. We expect that a majority of students will commence the term attending the College, and we will be providing normal classes and timetable for these students.

If you are not sending your child to school due to the COVID – 19 situation, could you please contact the College to let us know so we can amend our attendance records accordingly.

Please remember your children will still be able to access school work from SEQTA, and instructions are on the College website to assist with accessing SEQTA if not already done so.

If you do not have viable internet access or sufficient devices at home for your child to access SEQTA and or email, please contact the College to discuss alternate arrangements for accessing your child's course work.

Year 12

All year 12 students and their parents/carers will receive additional correspondence from the College, and the School Curriculum and Standards Authority today. This information will detailing updated information concerning the 2020 WACE, changes that have been made to certification and assessment, and the support that is available to assist year 12 students.

Please find attached information from:

Transperth, which details the latest service information. Importantly, all school buses services will be operational from Wednesday April 29. [Click here.](#)

Department of Health, Chief Health Officer. [Click here.](#)

Thank you for continuing to support the College as we continue to work through these changing educational times. The College staff are looking forward to welcoming back your children and working with them as we commence term 2 2020.

Our continued best wishes and thoughts to you.

Yours sincerely,

Leigh Cottrill

Principal
